To Whom It May Concern:

MAXStick liner-free, repositionable thermal labeling products

Merley Paper Converters Limited provides a range of consumable products in the UK including POS rolls , credit card receipt rolls and labeling products mainly for use in the Retailers.

Merley Paper Converters Limited is the UK & Eire distribution partner for the MAXStick range of liner-free, repositionable thermal labeling products and supplies them mainly for use in not for resale areas (i.e. warehouse barcode labeling).

Market surveys indicate that the need for the MAXStick range of liner-free, repositionable thermal labeling products is growing and we believe that sales will continue to increase in the future.
